*The Women* is a "Mean Girls" or "Desperate Housewives" type show about the overly dramatic lives of a handful of wealthy New York women. While men frequently are the subject of their lively discussions and play an important role in the action on-stage, they are strictly characters mentioned, but never seen.

This is an Actors' Rep Class show that will be featured ONE NIGHT ONLY! The SOCSA Actors' Rep students have worked very hard on this play and the show is very funny, witty and not too foreign due to our Orange County backgrounds. Oh and btw, IT'S FREE!
